

Al Qaser – Steel Fabrication Solutions
SOLUTIONS, AS SOLID AS STEEL

MILD STEEL FABRICATION | STAINLESS STEEL FABRICATION | ALUMINIUM FABRICATION

About Us

Al Qaser Fabrication Works (LLC) is one of the leading fabrication and engineering companies in the UAE. Set right in the heart of the Industrial Zone of Al Quoz In the Emirate of Dubai, Al Qaser serves to the needs of the rising industrial sector in the region.

Constant innovation is what we yearn for. It is a practise that we envision and strive hard to achieve; and we've been successful all through the way. That's why the top-notch engineering solutions that we offer match the best in the world. We give life to your imaginations and thoughts by coming up with the best of these solutions by offering a varied range of products that would meet your requirements.

Competitive pricing, world class workmanship, quick turnaround time and prompt delivery – with these key factors also to support our expertise, we believe that we can make all your big dreams come true.

Mild Steel Fabrication

Stainless Steel Fabrication

Aluminium Fabrication

Rubber Mould Manufacturing

ISO Accreditation

Al Qaser Fabrication, has ISO 9001-2008 accreditation. Various quality control and procedural systems are in place to take care of stringent requirements laid down by the ISO standard.

Our Activities

Steel Fabrication Division

Supply, Fabrication, Blasting, Painting and erection of structural steel work which includes, Large and medium jobs. We take care of the job for the following Industries: Power plants, Petrochemical industries, Heavy & medium manufacturing industries, Warehouses, All kinds of buildings, Grand stands, Stadiums, Multi storey structures, Bridges, Floating Pontoons and all other cladding works.

Main Activities

Steel structures for sheds, Car sheds, Mezanine floors, Staircases, Roofing sheets, Facia, Handrails, Platforms, Walkways, Ladders, Gates & Grills, Metal staircase, Rolling shutter doors, Storage tanks, Tents, Spiral staircase, Trench railings, Machinery and services, Stainless steel handrails, Cladding of columns, Frames etc

Machine Shop (Tool Room) Division

Manufacturing, Re-conditioning, Machining, Electroplating etc to service the following Industries:

Oil & Gas, Marine & Ship repair, Mining & Quarries, Cement & Construction, Paper & Printing, Aviation, Food processing, and all other manufacturing industries. Machine shop set up is spread over an area of 9000 sq feet, and equipped with all the heavy duty & light duty special machines.

Our Major Facilities Include:

Turning, Milling, Drilling, Grinding, Hard Chrome Plating, Electro Plating

Rubber Mould Manufacturing Division

Al Qaser has a full-fledged rubber division that commenced its operations by producing rubber moulds for all rubber-based manufactures in Dubai. Later, the wing started manufacturing rubber products of all types for industrial, marine and construction purposes. What our products uphold are quality workmanship and innovative design, that too in competitive pricing ranges.

We are Specialised in Rubber Mould for:

Rubber speed humps, Corner guards, Wall guards, Wheel stopper, Moulded and extruded rubber products, Rubber fenders, Bridge bearing mould.

Machinery

Technology is one thing that we are too particular about. We always equip ourselves with the best and latest of top-notch technology to serve your requirements efficiently. We are always prepared to meet any volume of work with the newest lathes and milling machine centre.

The facilities we offer include:

- Turning
- Milling
- Drilling
- Grinding
- Hard Chrome plating
- Heavy duty jobs for various industries

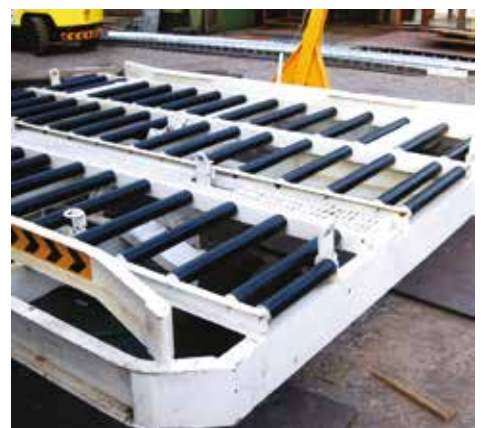

Much of our customers include noted names from a variety of industries like rubber, plastic, hi-tech, vacuum, marine and so on. Moreover, we also provide designer partnership and CAD facilities.

Listed below are some of the important equipments installed in our premise:

- Lathe Machines
- Milling Machine
- Power Saw
- Welding Machines
- Shaping Machine
- Profile Cutter
- Compressor
- Bending Machine
- Fully-equipped painting shop
- Hydraulic Press
- Power Press
- Boring Machine
- Thread Rolling Machine
- Hacksaw
- Angle Straightening Machine
